

PORT OF BARROW

NOTICE TO MARINERS No.34 of 2022

Barrow Channels Maintenance Dredge

NOTICE IS HEREBY GIVEN that on **Saturday 08th October 2022** and until further notice, the trailer suction hopper dredger, **Scald** will commence dredging the Barrow approach channels between Sea 1 Buoy and Ramsden Dock Entrance.

Hopper Dredger **SCALD** will commence operations **Saturday 08th October 2022**.

Dredging will be almost continuous and supplemented by Ploughing vessels **“Norma”** and **“Torch”**. Mariners should expect to encounter the vessels at any time and at any position between Ramsden Dock Entrance and the disposal area (which is approximately 2 miles South of Sea 1 Buoy).

The dredgers & the survey crafts (**Porthos**, and **Christine H** at some points during the project) will display lights and shapes as required by the International Regulations for the Prevention of Collisions at Sea.

Hopper Dredger **“Scald”**

Dredging Ops Ploughing Vessel **“Torch”**

Dredging Ops Vessel **“Norma”**

PORT OF BARROW

Survey vessel “**Christine H**”

Survey vessel “**Porthos**”

Mariners are requested to give these vessels a wide berth when dredging/surveying or dumping spoils in the disposal area. The dredger should be given a wide berth when transiting the Barrow approach channels as she may be constrained by her draught.

All vessels will maintain a listening watch on VHF Channel 12 throughout their operations. Mariners may also request dredger movement and information from “Barrow Port Radio” also on VHF Channel 12.

A further notice will be issued upon completion.
